Simon Ceglinski Announces Next Chapter with Move to Fronius Australia

PowerPlus Energy announces the departure of Simon Ceglinski, who will be taking on an exciting new role as Sales Director at Fronius Australia.

Ben Spincer, Executive Chairman, PowerPlus Energy said:

“It is with mixed emotions that we say farewell to Simon. Over his many years with PowerPlus Energy, Simon has played a significant role in helping shape the company into what it is today. His technical knowledge, industry experience, and leadership presence are highly respected across both our business and the broader renewable energy industry.

While Simon will be greatly missed, this is a fantastic opportunity for him and a testament to both his own capability and the culture we have built at PowerPlus Energy. We are proud to support our people grow, develop, and take the next step in their careers, and Simon’s new role is another example of this.”

Simon has made a significant contribution to PowerPlus Energy and has played an important role in the company’s growth and success over many years. While he will certainly be missed, PowerPlus Energy has strong capability and depth across its leadership, engineering, projects, manufacturing, technical support, and sales teams. The transition is being managed professionally to ensure continuity for customers and partners, with the business remaining well positioned for continued growth.

Simon Ceglinski added:

“PowerPlus Energy has provided me with an incredible opportunity to grow both professionally and personally. I’m extremely grateful for the experiences and support I’ve received throughout my time with the company. While I’m excited for this next opportunity with Fronius, it is difficult to leave such a passionate and talented team behind.”

We thank Simon for his contribution to PowerPlus Energy and wish him every success in his next leadership role within the renewable energy industry.

PowerPlus Energy will shortly commence recruitment to backfill Simon’s role. Anyone interested is encouraged to get in touch.
